

A Dream about Clothes

One day, a little girl was sleeping and dreaming about the clothes in her wardrobe.

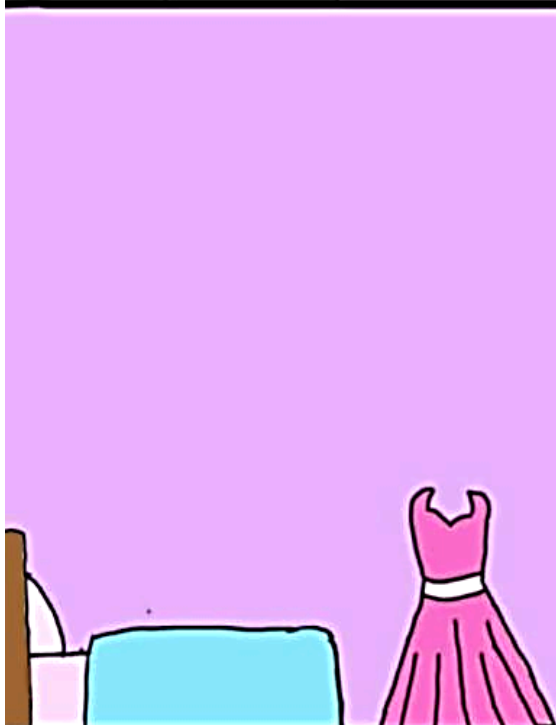

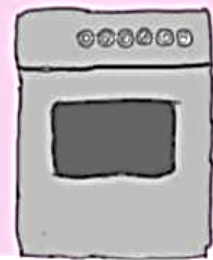

Pink Dress: - Hi, Yellow Dress, do you know where the Blouse is?

Yellow Dress: - I don't know. Let's look for it!

**They looked
everywhere,
but they
couldn't find
the Blouse.**

**They turned over the gloves, which
were on the hands, pants on the legs,
and shoes that were on the feet.**

Pants: - Hello! What are you looking for?

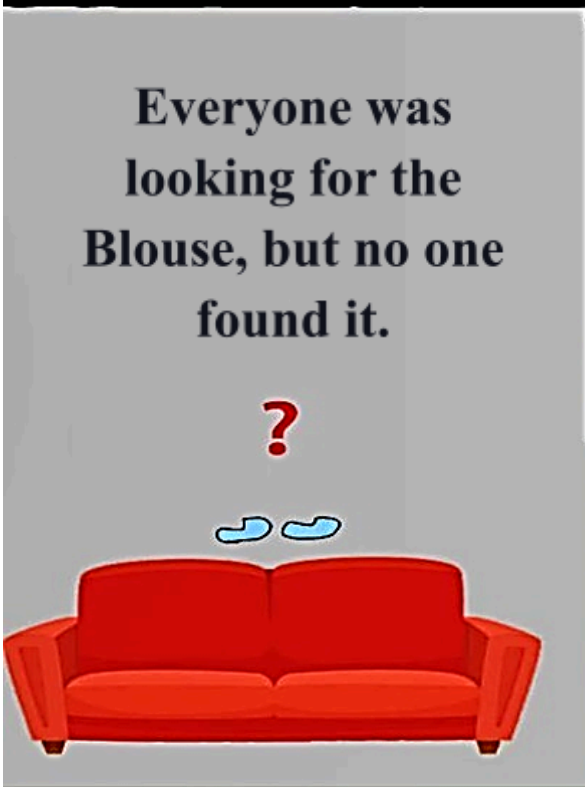

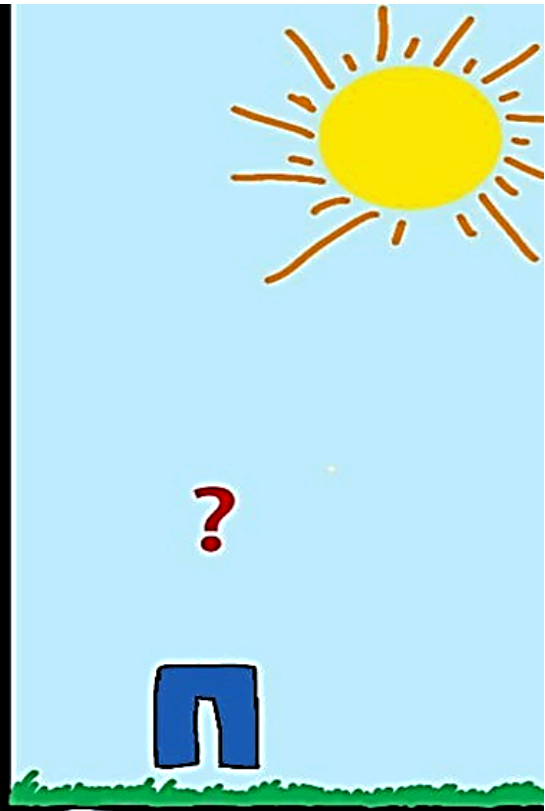

Shoes and Gloves: - It's true, what are you doing there?

Dresses: - We are looking for the Blouse.

The other Clothes: - We were also looking for the Blouse!

**After that, the little girl, the
clothes' owner, showed up
wearing the Blouse.**

The Little Girl: - Oh! My knee is hurting!
The Clothes were worried when they saw her injured knee.

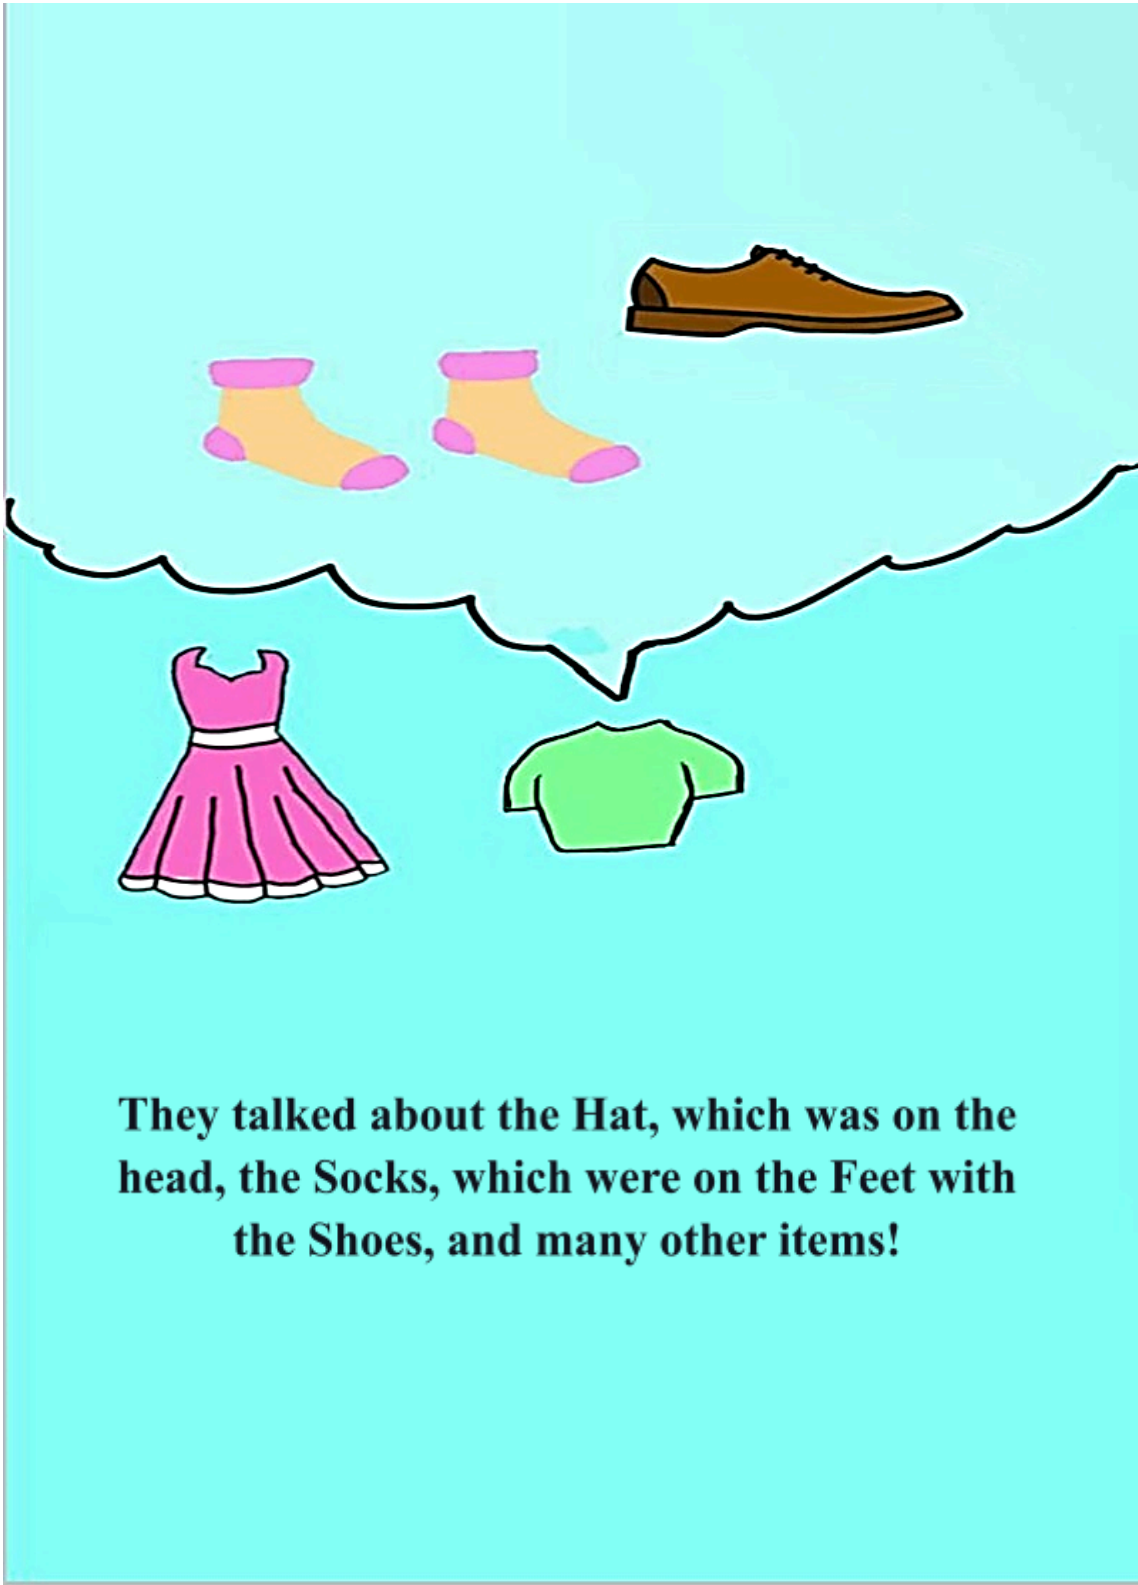

Dresses: - Let's help her!
The other Clothes: - Come on!

**After they helped her, they went to talk to the Blouse.
They were talking about body parts.**

They talked about the Hat, which was on the head, the Socks, which were on the Feet with the Shoes, and many other items!
